God's Solution to America's Economic Crisis Capitalism Isn't Just a Good Idea-It's God's Idea

"A truly brilliant breakdown of what the Bible says about the economy. *Godonomics* touches on everything from profit and charity to capitalism and taxes. Everyone should get a copy."

—Governor Mike Huckabee, host of television's "Huckabee"

Colorado Springs, Colo. – Pastor Chad Hovind traces capitalism back to its source: the inspired Word of God in [*Godonomics: How to Save Our Country—and Protect Your Wallet—Through Biblical Principles of Finance*](#) (Multnomah Books, July 16, 2013).

Saving America's economy is not a conservative-versus-liberal issue, it is a biblical issue. National leaders have failed to pull the country out of its financial tailspin because *both* major parties are working from the wrong text. For a nation to achieve stability and enjoy lasting economic health, it needs to adopt the economic principles set forth in the Bible.

Godonomics uncovers the core teachings from God's Word that offer the only workable solution to our nation's economic back-slide. The principles set forth in Scripture uphold the superiority of free-market capitalism, which produced history's highest standard of living and established the United States as an unrivaled superpower. But forces are

at work today, even in the church, that seek to enslave our nation in a socialistic system. *Godonomics* will show readers God's requirements for financial success—in their personal lives and in the affairs of our nation.
